Inspiration: The Essential Tool to Visualize, Think, Organize and Learn

Tuesday, October 7, 2008

4:00 - 7:30 pm

Grades 4-12

This workshop will introduce you to Inspiration, a powerful technology tool that you and your students can use to plan projects, gather research, organize information, develop ideas, and more! You will explore the vast cross-curricular templates in language arts, social studies, science and math, and start creating your own classroom activities that you could use right away.

InspireData: The Visual Way to Explore and Understand Data

Tuesday, October 28, 2008

4:00 - 7:30 pm

Grades 4-12

This workshop will introduce you to InspireData, a powerful technology tool that applies the proven strategies of visual learning to data literacy, inspiring students to discover meaning as they collect and explore data in a dynamic inquiry process. This is a hands-on technology workshop, be prepared to learn the software and begin to create!

Kidspiration: The Visual Way to Explore and Understand Words, Numbers and Concepts

Tuesday, March 10, 2009

4:00 - 7:30 pm

Grades K-5

This workshop will introduce you to Kidspiration, a powerful technology tool that was created for K-5 learners, using the principles of visual learning to strengthen reading and writing skills, build conceptual understanding in math and develop thinking skills across the curriculum. This is a hands-on technology workshop, be prepared to learn the software and begin to create!

All workshops will be held at the YCOE Conf. Center, 1280 Santa Anita Court, Suite 120, Woodland, CA 95776
