The Yolo County Governing Board believes that the diversity that exists among the Yolo County Office of Education’s community of students, staff, parents/guardians, and community members is integral to the County Office's vision, mission, and goals. Addressing the needs of the most marginalized learners requires recognition of the inherent value of diversity and acknowledgement that educational excellence requires a commitment to equity in the opportunities provided to students and the resulting outcomes.

In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the County Office shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The County Board shall make decisions with a deliberate awareness of impediments to learning faced by students due to their race, creed, color, national origin, gender, gender identity, gender expression, physical disability, geographic location, and/or socioeconomic background. To ensure that equity is the intentional result of County Office decisions, the County Board shall consider whether its decisions address the needs of students from racial, ethnic, and socio economically disadvantaged communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. The County Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.

The County Board and the Yolo County Superintendent of Schools or designee shall develop and implement policies and strategies to promote equity in County Office programs and activities through measures such as the following:
1. Routinely assessing student needs based on data disaggregated by race, creed, color, national origin, gender, gender identity, gender expression, physical disability, geographic location, or socioeconomic background in order to enable equity-focused policy, planning, and resource development decisions

(cf. 0400 - Comprehensive Plans)
(cf. 0460 - Local Control and Accountability Plan)
(cf. 6162.5 - Student Assessment)

2. Analyzing expenditures and allocating financial and human resources in a manner that provides all students with equitable access to County Office programs, support services, and opportunities for success and promotes equity and inclusion in the County Office. Such resources include access to high-quality administrators, teachers, and other school personnel; funding; technology, equipment, textbooks, and other instructional materials; facilities; and community resources or partnerships.

(cf. 0440 - District Technology Plan)
(cf. 3100 - Budget)
(cf. 4113 - Assignment)
(cf. 7110 - Facilities Master Plan)

3. Enabling and encouraging students to enroll in, participate in, and complete curricular and extracurricular courses, advanced college preparation programs, and other student activities

(cf. 6141.4 - International Baccalaureate Program)
(cf. 6141.5 - Advanced Placement)
(cf. 6143 - Courses of Study)
(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6152.1 - Placement in Mathematics Courses)

4. Building a positive school climate that promotes student engagement, safety, and academic and other supports for students

(cf. 5137 - Positive School Climate)

5. Adopting curriculum and instructional materials that accurately reflect the diversity among student groups

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

6. Providing and/or collaborating with local agencies and community groups to ensure the availability of necessary support services for students in need
7. Promoting the employment and retention of a diverse staff that reflects the student demographics of the community

8. Providing County Office staff with ongoing, researched-based, professional learning and professional development on culturally responsive instructional practices

9. Conducting program evaluations that focus on equity and address the academic outcomes and performance of all students on all indicators

The County Board shall regularly monitor the intent and impact of County Office policies and decisions in order to safeguard against disproportionate or unintentional impact on access to County Office programs and achievement goals for specific student populations in need of services.
