Transfer of Coursework and Credits

When a youth in foster care transfers into a County Office program, the County Office shall accept and issue full credit for any coursework that the youth in foster care has satisfactorily completed while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school or agency and shall not require the youth in foster care to retake the course. (Education Code 51225.2)

If the youth in foster care did not complete the entire course, he/she shall be issued partial credit for the coursework completed and shall be required to take the portion of the course that he/she did not complete at his/her previous school. However, the County Office may require the youth in foster care to retake the portion of the course completed if, in consultation with the holder of educational rights for the youth in foster care, the County Office finds that the youth in foster care is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a youth in foster care in any particular course, he/she shall be enrolled in the same or equivalent course, if applicable, so that he/she may continue and complete the entire course. (Education Code 51225.2)

In no event shall the County Office prevent a youth in foster care from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

from high school by the end of his/her fourth year of high school. Within 30 calendar days of the youth in foster care's transfer, the County Superintendent or designee shall notify the youth in foster care, the person holding the right to make educational decisions for him/her, and the youth in foster care's social worker of the availability of the exemption and whether the youth in foster care qualifies for it. If the County Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student is no longer a youth in foster care. (Education Code 51225.1)

To determine whether a youth in foster care is in his/her third or fourth year of high school, the County Office shall use either the number of credits the youth in foster care has earned as of the date of the transfer or the length of his/her school enrollment, whichever qualifies him/her for the exemption. (Education Code 51225.1)

The County Superintendent or designee shall notify any youth in foster care who is granted an exemption and the person holding the right to make educational decisions for him/her how any requirements that are waived will affect the youth in foster care's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges. (Education Code 51225.1)

The County Office shall not require or request a youth in foster care to transfer schools in order to qualify for an exemption and no request for a transfer solely to qualify for an exemption shall be made by a youth in foster care or any person acting on behalf of a youth in foster care. (Education Code 51225.1)

If a youth in foster care is exempted from local graduation requirements, the exemption shall continue to apply after the termination of the court's jurisdiction over the student while he/she is still enrolled in school or if he/she transfers to another school or school district. (Education Code 51225.1)

Upon making a finding that a youth in foster care is reasonably able to complete district graduation requirements within his/her fifth year of high school, the County Superintendent or designee shall: (Education Code 51225.1)

1. Inform the youth in foster care and the person holding the right to make educational decisions for him/her of the youth in foster care's option to remain in school for a fifth year to complete the program's graduation requirements and how that will affect his/her ability to gain admission to a postsecondary educational institution

2. Provide information to the youth in foster care about transfer opportunities available through the California Community Colleges
