CHARTER SCHOOL AUTHORIZATION

The Yolo County Governing Board recognizes that charter schools may assist the Yolo County Office of Education in offering diverse learning opportunities for students. In considering any petition to establish a charter school within the County Office, the County Board shall give thoughtful consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential.

The County Office shall not require any County Office student to attend the charter school nor shall it require any County Office employee to work at the charter school. (Education Code 47605)

One or more persons may submit a petition for a start-up charter school to be established within the County Office or for the conversion of an existing County Office school to a charter school. (Education Code 47605)

Any petition for a start-up charter school or conversion charter school shall include all components and signatures required by law and shall be submitted to the County Board. The Yolo County Superintendent of Schools or designee shall consult with legal counsel, as appropriate, regarding compliance of the charter petition with legal requirements.

The County Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to ensure compliance of the petition with legal requirements. As needed, the County Superintendent or designee may also meet with the petitioners to establish workable plans for technical assistance or contracted services which the district may provide to the proposed charter school.

Within 30 days of receiving a petition to establish a charter school, the County Board shall hold a public hearing to determine the level of support for the petition by teachers, other employees of the district, and parents/guardians. (Education Code 47605)

Within 60 days of receiving a petition, or within 90 days with mutual consent of the petitioners and the County Board, the County Board shall either approve or deny the request to establish the charter school. (Education Code 47605)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

Approval of Petition

The County Board shall approve the charter petition if doing so is consistent with sound educational practice. In granting charters, the County Board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences for students who are identified by the petitioner as academically low-achieving. (Education Code 47605)

The County Board shall verify that any approved charter contains adequate processes and measures for holding the school accountable for complying with applicable law, including Education Code 47604.1, and for fulfilling the terms of its charter. These shall include, but are not limited to, fiscal accountability systems, multiple measures for evaluating the educational program, including student outcomes aligned with state priorities as described in Education Code 52060, and regular reports to the County Board.

(cf. 0420.41 - Charter School Oversight)

The County Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the County Office and the charter school. Any such memorandum of understanding shall be annually reviewed by the County Board and charter school governing body and amended as necessary.

The County Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607)

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

It shall be the responsibility of the petitioners to provide written notice of the County Board’s approval and a copy of the charter to the County Superintendent of Schools, the California Department of Education, and the State Board of Education (SBE). (Education Code 47605)

Denial of Petition

The County Board shall deny any charter petition that:

1. Proposes to operate a charter school as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Education Code 47604)

2. Authorizes the conversion of a private school to a charter school. (Education Code 47602)
CHARTER SCHOOL AUTHORIZATION (continued)

3. Proposes to serve students in a grade level that is not served by the County Office, unless the petition proposes to serve students in all the grade levels served by the County Office. (Education Code 47605)

Any other charter petition shall be denied only if the County Board makes written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.

2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

3. The petition does not contain the number of signatures required.

4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).

5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).

6. The petition does not contain a declaration as to whether or not the charter school shall be deemed the exclusive public school employer of the school's employees for purposes of collective bargaining pursuant to Government Code 3540-3549.3.

The County Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll students with disabilities who reside outside the special education local plan area in which the County Office participates. (Education Code 47605.7, 47647)
