RE:    Extension of School Closures

Dear Parents/Guardians,

We hope this letter finds you and your family doing well and staying safe during this COVID-19 pandemic. We want to let you know that Superintendent Lewis has decided in concurrence with Yolo County Public Health to extend school closures through May 1, 2020. The decision represents a continued effort to reduce the number of affected individuals with COVID-19 and to keep our communities as safe as possible pursuant to the Governor’s Executive Order N-33-20, the current Yolo County Shelter in Place Order, and in consultation with Yolo County Public Health.

Distance Learning

We are pleased to share with you that we distributed Chromebooks with Internet Wi-Fi Hotspots to youth on March 26, 2020. In addition, we confirmed with students who already had a YCOE device or a family supplied computer to ensure that all of our students are able access Edgenuity, our online curriculum. If you have a question or have an issue with a YCOE issued Chromebook, please contact Mr. Chris Reyna at (530) 701-3113.

Each student will be case managed by a staff member who will supervise each student’s learning plan utilizing Edgenuity as the primary curriculum. Staff will check in with students at least twice a week and students are encouraged to contact their assigned staff member if questions come up, quizzes/tests in Edgenuity need opened, or for any other school related needs.

For students with an IEP, our Alternative Education Special Education Teacher will be supporting students along with a general education teacher.

Grab and Go Meals

Even with the Shelter in Place Order, we are pleased our school district partners are able to continue to provide breakfast and lunch to all school-age children age 18 and under. Parents or students may pick up a meal. A map of all student meal service locations in Yolo County can be found at: bit.ly/FoodforYoloStudents.

If you have any questions, please go to bit.ly/YCOECOVID-19 and feel free to contact:
